

WARNING ORDER 010-2324-005

1) SITUATION:

- a. Name of Event/Operation: Recondo Training Event
- b. Dates: 03-05 November 2023
- c. Start and End Time: 1800 03 November 2023 to 1400 05 November 2023
- d. Location: Camp San Luis Obispo
- e. Units Participating: All units are invited to attend.
- f. Participation Requirements:
 - i. Recondo training is physically rigorous and demanding. All participants that have received clearance from their Commandant or Brigade Advisor are invited to attend.
 - ii. To attend weekend Recondo, Cadets are required to submit the RECONDO CHALLENGE SCORECARD with the following Events completed and standards met:
 1. PT Test OR 5K
 2. Squad Drill OR Color Guard
 - iii. Cadets need to show an interest in the Recondo Badge and be working toward the other challenges at their local unit.

- 2) **MISSION:** The California Cadet Corps conducts the Recondo Training Events at Camp San Luis Obispo on 3-5 November 2023 that provides cadets with various challenges to assist them in completing their required tasks to earn the Recondo Badge as outlined in CR 3-2 Appendix D.

3) EXECUTION:

- a. Commander's Intent: To conduct a Recondo Training Day that allows cadets to complete many of the tasks they cannot perform at a local level while overcoming rigorous physical challenges and showcasing their underlying leadership abilities. This Recondo Event will inspire determined cadets to explore all they can do while demonstrating their excellence in both physically and mentally challenging activities. It will build character and confidence, instilling pride in the leaders of the future, and getting cadets one step closer to earning the coveted Recondo Badge, a CACC honor that signifies their perseverance and success. Essayons!
- b. Concept of Operations: The Recondo Training Event will focus on building cadets' skills while instilling a sense of determination in competing for this formidable award as an individual rather than as a unit.
 - i. Each participating cadet will complete the following Core Event challenges described in CR 3-2 and recounted below.

RECONDO ROAD MARCH: The Recondo Road March is an 8 kilometer (5 miles) timed march with the cadet carrying a pack weighing 15% of the cadet's body weight. As with all Recondo events a parent or adult supervisor must observe the cadet throughout the event and certify the elapsed time. A track is preferable, but a road course or even city streets may be used. On a

road, an automobile odometer may be used to measure the distance.

The standard for the Road March is 90 minutes (1 hour, 30 min)

RECONDO SQUAD DRILL: The cadet is to act as Squad Leader. The series of commands is the same as the CACC Unarmed Squad Drill sequence from CR 3-8. The evaluation will be completed by the Commandant or another adult CACC or military member. The evaluation sheet in Enclosure 1 will be used. To a certain extent, the cadet will be graded on their command of the squad, not the squad's execution of the drill. However, the cadets in the squad must be proficient enough in squad drill so as to not detract from the Recondo cadet's score.

The standard for the Squad Drill is 40 points

RECONDO COLOR GUARD: The cadet is to act as Color Guard Commander. The series of commands is the same as the CACC Color Guard sequence from CR 3-8. The color guard will be scored as a whole, with emphasis on the Recondo cadet's command proficiency. The evaluation will be completed by the Commandant and another adult CACC or military member. The evaluation sheet in Change 2, Enclosure 2, will be used.

The standard for the Color Guard Drill is 40 points

RECONDO PHYSICAL FITNESS TEST: The Recondo Challenge will use the California Physical Fitness administered at all public schools. It will be administered, scored, and recorded by the Commandant. Tests administered as part of the CACC curriculum or school requirements may be used. The test will conform to the requirements in CR 3-12.

The standard for the Recondo PT Test is meeting the Healthy Fitness Zone for the cadet's age

RECONDO MAP READING TEST: The Recondo Map Reading Test will require the competitor to identify various symbols and terrain features on a topographical map, and to determine distance and direction on the map. The test may be obtained by the Commandant from HQCACC Operations, and will be returned to Operations for grading.

The standard for passing the Recondo Map Reading Test is 80%

RECONDO MARKSMANSHIP: The Recondo Marksmanship challenge will use the same format as the CACC Marksmanship Qualification. Cadets will fire either the .22 caliber rifle or an air rifle. Cadets may complete the qualification course locally or may request an event be established at Camp San Luis Obispo by HQ CACC Operations. Cadets who participate in qualification training during a CACC Summer Encampment may use that experience as their Recondo Marksmanship Challenge, with their orders awarding their marksmanship badge as proof of completion of the challenge.

The standard for passing the Recondo Marksmanship challenge is to qualify Marksman per CR 3-17.

RECONDO LAND NAVIGATION COURSE: The Recondo Land Navigation Course will take place at Camp San Luis Obispo during a HQ CACC Drill (see the YTC) or during Encampment, as coordinated with HQ CACC Operations.

The standard for passing the Recondo Land Nav Challenge is 3 out of 5 or 2

out of 3 points found, depending on the course used. Returning to the Start Point does not count as a Point on the course. The course must include at least 3 points.

RECONDO MILITARY OBSTACLE COURSE: The Recondo Military Obstacle Course will take place at Camp San Luis Obispo, or at another approved military obstacle course. HQ CACC Operations will approve or disapprove use of courses other than at CSLO based on their similarity to the CLSO Obstacle Course. Cadets can attempt each obstacle 3 times. After they have failed 20% of the obstacles, they may reattempt the course (must start over).

The standard for passing the Recondo Military Obstacle Course is overcoming 80% of the obstacles (without assistance).

- c. Goals:
 - i. Goal 1 is to create a safe and competitive environment for cadets to showcase their excellence in all California Cadet Corps topics.
 - ii. Goal 2 is to enhance self-confidence, perseverance, and all cadets to explore their capabilities as leaders.
 - iii. Goal 3 is to produce an engaging environment for cadets to interact with top- tier cadets around the state.
- d. Objectives:
